

# 2007 California Rules of Court

## Rule 1.100. Requests for accommodations by persons with disabilities

*(Subd (a) repealed effective January 1, 2007; previously amended effective January 1, 2006.)*

### (a) Definitions

As used in this rule:

- (1) "Persons with disabilities" means individuals covered by California Civil Code section 51 et seq.; the Americans With Disabilities Act of 1990 (42 U.S.C. §12101 et seq.); or other applicable state and federal laws. This definition includes persons who have a physical or mental impairment that limits one or more of the major life activities, have a record of such an impairment, or are regarded as having such an impairment.
- (2) "Applicant" means any lawyer, party, witness, juror, or other person with an interest in attending any proceeding before any court of this state.
- (3) "Accommodations" means actions that result in court services, programs, or activities being readily accessible to and usable by persons with disabilities. Accommodations may include making reasonable modifications in policies, practices, and procedures; furnishing, at no charge, to persons with disabilities, auxiliary aids and services, equipment, devices, materials in alternative formats, readers, or certified interpreters for persons with hearing impairments; relocating services or programs to accessible facilities; or providing services at alternative sites. Although not required where other actions are effective in providing access to court services, programs, or activities, alteration of existing facilities by the responsible entity may be an accommodation.

*(Subd (a) amended and relettered effective January 1, 2007; adopted as subd (b) effective January 1, 1996; previously amended effective January 1, 2006.)*

### (b) Policy

It is the policy of the courts of this state to ensure that persons with disabilities have equal and full access to the judicial system. To ensure access to the courts for persons with disabilities, each superior and appellate court must delegate at least one person to be the ADA coordinator, also known as the access coordinator, or designee to address requests for accommodations. This rule is not intended to impose limitations or to invalidate the remedies, rights, and procedures accorded to persons with disabilities under state or federal law.

*(Subd (b) adopted effective January 1, 2007.)*

**(c) Process for requesting accommodations**

The process for requesting accommodations is as follows:

- (1) Requests for accommodations under this rule may be presented ex parte on a form approved by the Judicial Council, in another written format, or orally. Requests must be forwarded to the ADA coordinator, also known as the access coordinator, or designee, within the time frame provided in (c)(3).
- (2) Requests for accommodations must include a description of the accommodation sought, along with a statement of the impairment that necessitates the accommodation. The court, in its discretion, may require the applicant to provide additional information about the impairment.
- (3) Requests for accommodations must be made as far in advance as possible, and in any event must be made no fewer than 5 court days before the requested implementation date. The court may, in its discretion, waive this requirement.
- (4) The court must keep confidential all information of the applicant concerning the request for accommodation, unless confidentiality is waived in writing by the applicant or disclosure is required by law. The applicant's identity and confidential information may not be disclosed to the public or to persons other than those involved in the accommodation process. Confidential information includes all medical information pertaining to the applicant, and all oral or written communication from the applicant concerning the request for accommodation.

*(Subd (c) amended effective January 1, 2007; previously amended effective January 1, 2006.)*

**(d) Permitted communication**

Communications under this rule must address only the accommodation requested by the applicant and must not address, in any manner, the subject matter or merits of the proceedings before the court.

*(Subd (d) amended effective January 1, 2006.)*

**(e) Response to accommodation request**

The court must respond to a request for accommodation as follows:

- (1) The court must consider, but is not limited by, California Civil Code section 51 et seq., the provisions of the Americans With Disabilities Act of 1990, and other applicable state and federal laws in determining whether to provide an accommodation or an appropriate alternative accommodation.
- (2) The court must inform the applicant in writing, as may be appropriate, and if applicable, in an alternative format, of the following:
  - (A) That the request for accommodation is granted or denied, in whole or in part, and if the request for accommodation is denied, the reason therefor; or that an alternative accommodation is granted;
  - (B) The nature of the accommodation to be provided, if any; and

Title One Rules

[http://www.courtinfo.ca.gov/rules/index.cfm?title=one&linkid=rule1\\_10](http://www.courtinfo.ca.gov/rules/index.cfm?title=one&linkid=rule1_10)

(C) The duration of the accommodation to be provided.

*(Subd (e) amended effective January 1, 2007; previously amended effective January 1, 2006.)*

**(f) Denial of accommodation request**

A request for accommodation may be denied only when the court determines that:

- (1) The applicant has failed to satisfy the requirements of this rule;
- (2) The requested accommodation would create an undue financial or administrative burden on the court; or
- (3) The requested accommodation would fundamentally alter the nature of the service, program, or activity.

*(Subd (f) amended effective January 1, 2007; previously amended effective January 1, 2006.)*

**Review procedure**

- (1) An applicant or any participant in the proceeding in which an accommodation request has been denied or granted may seek review of a determination made by nonjudicial court personnel within 10 days of the date of the response by submitting, in writing, a request for review to the presiding judge or designated judicial officer.

An applicant or any participant in the proceeding in which an accommodation request has been denied or granted may seek review of a determination made by a presiding judge or another judicial officer within 10 days of the date of the notice of determination by filing a petition for extraordinary relief in a court of superior jurisdiction.

*(amended effective January 1, 2006.)*

**of accommodations**

modation by the court must be provided for the duration indicated in the response to the accommodation and must remain in effect for the period specified. The court may provide accommodation for an indefinite period of time, for a limited period of time, or for a particular appearance.

*(amended effective January 1, 2006.)*

*and renumbered effective January 1, 2007; adopted as rule 989.3 effective January 1, 1996; effective January 1, 2006.*

2006.

4-4-05 1440 RC & Med Eval. IP is 48 y.o. on psychotropics intermittently x 8 yrs for (CC) "sleep and mood changes... swings... and violence, a little." IP denies any suicide attempts, current SI or HI. IP reports he has mood swings "when I can't have my way." IP notes this is his first term for assault & a deadly weapon. "Ever since then, I've been in a bad mood." He notes improving mood since starting on Prozac almost 1 month ago. Appetite is fine, sleep at 4-5 hours of Seregen. DOC - 260H (2-3, 400g beers). IP c/o feeling tired & "no motivation at all." IP reports hearing his name being called and peripheral shadows, no true AH or VH. IP notes hypervigilance which he calls paranoia, but is more consistent & sense of entitlement. IP also reports hypomanic episodes, but appears to be discussing better times & true mood swings. Thinking focused on the inequities of the legal system & his perceived right to reclaim items which his reports were taken from.

3/30/07	10:20	Psychiatry Drop in. Saw Mr. Heddleson. He said he was going to call me in, but he didn't, so I wanted to follow up. As a result of problems with school - per all kinds of circumstances about in ASU - to contact family. Appeared, left once passed. Before in school was really in kitchen, 'a stress relief'. I'm 50, I'm not getting a degree so I've got 2 years to go. I don't want to be in the hole. Problem with med line MTA last weekend, told 'I've given them to you when I had liberty, I did not get ambushed. I didn't release them'. He had my emotions very high. He still called in the office. MTA said patient was talking in this line. Got hit really when police and medical checked on him, walked off no confrontation. He has avoided that MTA, and still getting ready to talk. Med well. no STX HT, Psych to control. When I thought I was in the morning. or as a person as a person liberty. B. Appears at baseline. Psychology, now use, how should we collect use for him. Hope B. He will avoid some of the other notes (continued)

## COMMENTS (USE S.O.A.P.E. FORMAT)

Follow-up: Age: 49 PD: 2014  
 about 1800 hours. Why in MHS?  
 sleep onset 2004, initial: Halpasy SE,  
 depressed, hypotensive, poor energy, anhedonic,  
 irritability, persistent weeks. Prior  
 similar in length, symptoms, then drank - had  
 withdrawal symptoms with VT. When drinking, violent,  
 nervous. ~~1st 2003~~ committed at 2004.  
 being an idea. Also, had fight with peer, then  
 wife, police. He is Blue. I can go back to  
 1st. Had friends in the yard knew him. Son  
 ST, HT, no psychiatric content. Family: Depressed,  
 aggressive, violent. At times has flashbacks, hyper-  
 sensitive violence. I'm tired of living in the Devil's  
 mouth, Cannabis (insulted). Drinking of 100c  
 thimer. Well developed, neatly groomed  
 skin. Anhedonic. Help sleep, no AD/Anhedonic  
 or pressure. Benadryl helps breathe, sleep.  
 exercise - calisthenics, walks laps. Weight: 273  
 grooming, relevant associations.  
 recurrent MDD with PTSD elements  
 Asthma (chronic)

4-4-05 1440 RC & Med Eval. IP is 48 y.o. on psychotropics intermittently x 8 yrs for (CC) "sleep and mood changes... swings... and violence, a little". IP denies dx suicide attempts, current SI or HI. IP reports he has mood swings "when I can't have my way". IP notes this is his first term for assault & a deadly weapon. "Ever since then, I've been in a bad mood." He notes improving mood since starting on Prozac almost 1 month ago. Appetite is fine, sleep at 4-5 hours of Zovigra. DOC - ETOH (2-3 40oz beers). IP c/o feeling tired & "no motivation at all". IP reports hearing his name being called and peripheral shadows no true AH or VH. IP notes hypervigilance which he calls paranoia, but is more consistent & sense of entitlement. IP also reports hypomanic episodes, but appears to be discussing better times & true mood swings. Thinking focused on the inequities of the legal system & his perceived right to reclaim items which his reports were taken from. Page # 1 of 2
